Zakir Hussain and Pandit Shivkumar Sharma in performance

## World-Class Musicians from India to Perform Friday Night

Sewanee's Performing Arts Series brings "Maestros in Concert" to Sewanee, Friday, March 27. World music artists Pandit Shivkumar Sharma and Zakir Hussain will perform in concert at 7:30 p.m. in the University's Guerry Auditorium on Georgia Avenue. The public is welcome.

Sharma is one of India's most popular and revered classical musicians. He has brought the santoor, a Kashmiri folk instrument, to the classical concert halls of the world. The

santoor is a flat-stringed instrument played with hammers. Both performers have earned numerous awards for their ground-breaking music.

Hussain, an international phenomenon, has won multiple Grammy awards, including the 2009 Grammy for Best Contemporary World Music album. A virtuoso of the tabla, the North Indian classical percussion instrument, he is considered a chief architect of the contemporary world music movement. In 2007 he was voted Best World Music Drummer by readers of Modern Drummer magazine.

General admission tickets are \$20/adult, \$15/seniors and \$5/student. For more information, call 598-1770, or e-mail <performingarts@sewanee.edu>. Tickets are available online at <<https://sewaneeonline.hosting-advantage.com/performingarts.html>>.

## SAS Artist's Reception Today

A reception for the artist will be held today, March 26, from 5 to 7 p.m. in the gallery. SAS gallery hours are Monday through Friday, 9 a.m.-3 p.m. and by appointment, 968-0210, ext. 3151. For more information e-mail <sasgallery@sasweb.org>.

## Steel Drum Performance Saturday

The Oberlin College Steel Drum Band will play in McClurg Dining Hall on University Avenue, rain or shine (inside or outside) from 11 a.m. to 1 p.m. this Saturday. This is a co-sponsored event by the Student Program Board at the College and Sewanee Outreach to raise funds for three Haitian students. The public is invited.

## Wexler to Deliver Anita Goodstein Lecture in Women's History

Yale University professor Laura Wexler will deliver the 11th annual Anita S. Goodstein Lecture in Women's History on Monday, March 30, at 7 p.m. in Gailor Auditorium. The lecture is titled "Tender Violence: Photography, Gender, Politics." A reception to honor Wexler will be held immediately following her presentation. The event is free and open to the public.

Wexler's work analyzes how the first American female photojournalists contributed to a "domestic vision" that reinforced the imperialism and racism of turn-of-the-century America. These women photographers, white and middle class, constructed

images of war disguised as peace through a mechanism Wexler calls the "averted eye," which had its origins in the private domain of family photography.

Wexler is professor of American studies and women's and gender studies at Yale and the author of "Tender Violence: Domestic Visions in an Age of U.S. Imperialism," which received the 2001 Joan Kelley Memorial Prize of the American Historical Association for the best book in women's history and/or feminist theory. She has also written "Pregnant Pictures" with co-author Sandra Matthews.

## Organ Concert by Delcamp

The final concert in the Easter term Organ Recital Series will be played by University Organist Robert Delcamp on Thursday, April 2, at 7 p.m. in All Saints' Chapel. He will play two masterpieces from the 19th century, César Franck's "Grande Pièce Symphonique" and the monumental "Fantasia and Fugue on the Chorale Ad nos, ad salutarem undam" by Franz Liszt.

## Contradance Friday Night

The Misty Mountain Dancers will hold a contradance Friday night in the American Legion Hall on University Avenue in Sewanee.

The dance begins at 8 p.m. A beginner's workshop will be taught by the caller, Jane Ewing, at 7:30. The caller also reviews the steps for each dance before the music starts.

Live music for the dance will be provided by Crosstown Traffic. Admission is \$6, adults; \$3, students.

Everyone is welcome, regardless of age or experience. If you've never attended a contradance, do yourself a favor and go—by yourself, with a partner or a group. It's great, low-impact exercise. Even if you don't dance, you'll enjoy the lively music and dancers.

This will be the last contradance organized and led by Ron Lee, who is passing the torch to the other members of the group, who are planning to continue holding contradances in Sewanee.

## Novelist Lakeman Reading Today

Playwright and novelist Thomas Lakeman will read from his work today, March 26, at 4:30 p.m. in Gailor Auditorium. The public is invited to attend. A reception and book signing will follow the reading.

Lakeman will be a Tennessee Williams Fellow at Sewanee during the 2009-10 academic year and will lead a workshop in playwriting. A native of Mobile, Ala., and graduate of the University of the South, Lakeman studied theater in Great Britain and Ireland on a Thomas J. Watson fellowship and received a master of fine arts degree in playwriting from Carnegie Mellon University.

He has written three mystery novels, "The Shadow Catchers," "Chillwater Cove" and "Broken Wing." His work has been praised by Publisher's Weekly, Kirkus Reviews, Washington Post, Boston Globe and the Cleveland Plain Dealer, which called Lakeman "a dazzling new writer."

The residency awarded to Lakeman is made possible by the Walter

Thomas Lakeman. Photo by Abigail J. Burns

E. Dakin Memorial Fund established by the late Tennessee Williams. The reading is sponsored by the departments of English and theatre and the Sewanee Writers' Conference.

If you plan to eat, please make reservations in advance by contacting Lauren Drinen at 598-0105 or [ldrinen@sewanee.edu](mailto:ldrinen@sewanee.edu).

## OLDEST CORNERSTONE IS DETERIORATING To the Editor:

At the conjunction of University Avenue and Green's View is a wooded lot of perhaps 20 acres. In its center is the cornerstone of Sewanee's first building. It is concrete and subject to the vicissitudes of the atmosphere. The inscription on it grows dimmer by the year. Since this is the most historic bit of our university, it is a pity we aren't taking care of it. The cornerstone—all that's left of the Union army's 1863 destruction of the building—is 150 years old.

## COMMISSIONERS REPORT ON AMBULANCE SERVICE, EXPRESS THANKS To the Editor:

We wanted to let you know what happened Monday [March 16, at the Franklin County Commission meeting].

We passed a resolution that gave Franklin EMS the primary coverage from the University Domain gate on the Cowan Road on up the mountain and all of the Sherwood valley. Rural Metro will cover from the gate down and all of the Franklin County valley as its primary service.

We also passed a resolution that we recommend to the state that the local officials have the option to have the school director elected or appointed.

We want to express our thanks to all of the community members in Sewanee and Sherwood who helped us get this ambulance resolution passed. Whether it was signing a petition, making a telephone call or showing up at the meeting on a bitterly cold and snowy night, we want to thank you. Thanks to Pat Shetters, Monty Adams and Jerry Forster for speaking at the January meeting. We want to thank Dennis Jones, director of Sewanee EMS, and Don Hutcheson of Franklin EMS for all their valuable input. Thanks to the Messenger for helping us keep the community informed.

## NEW MEXICO DEATH PENALTY REPEAL APPLAUDED

### To the Editor:

New Mexico has done the right thing by repealing its death penalty. Capital punishment is not an effective deterrent to capital crime. The millions wasted on it would be better used for crime victims' services, crime prevention programs and increased personnel for law enforcement agencies.

Given our current economic crisis, lawmakers must eliminate those programs which are unworkable. The death penalty is unworkable; we get it wrong too often, it isn't fairly applied, and it shifts the focus away from victims. Moreover, it contains no protections against wrongful convictions and executions. One hundred thirty men and women have been exonerated from death row from 1973 to the present, one of them from Tennessee.

As a step toward addressing these problems, I call on our legislators and Governor Bredesen to examine the Tennessee Death Penalty Study Committee report and issue a moratorium on executions. We can do better for Tennessee.

## SCIENCE FAIR SUCCESS To the Editor:

The Sewanee Elementary Science Fair has come and gone and again I am so impressed with the creativity and hard work of our students. Students from prekindergarten to fifth grade participated and showed their wide range of science interests.

I would especially like to thank representatives from Shaw Industries, Nissan, UTISI, AEDC, Emerald-Hodgson Hospital and the University of the South, who donated time out of their busy schedules to come in and meet with our students and listen to their presentations.

I also want to thank our faculty and staff for their help in making the Science Fair such a huge success. Thank you, Mr. Maxon, for all you do for our school!

The Science Fair would not be the success it is without strong support from our parents, and I am so grateful. Your dedication to your children's education makes all the difference. Thank you for working with your children on their projects and encouraging them to do their best.

Finally, I want to thank our students. You never cease to amaze me with your clever ideas. I am so proud of all of you

## SUD OBJECTION TO RELEASE OF FUNDS COMMENDED

### To the Editor:

The Sewanee Utility District (SUD) is to be complimented for its wise decision to object swiftly and decisively to Grundy County Mayor LaDue Bouldin's apparent attempt to break with those who favor regional water planning. It was learned through a legal notice that appeared in a recent edition of the Grundy County Herald that Bouldin is applying to Tennessee Department of Economic and Community Development (TECD) initially for \$1 million in federal funds for the much-discussed pipeline from the Tennessee River to the South Cumberland Plateau. This "go it alone" move seems very much counter to the efforts by Tennessee Department of Environment and Conservation (TDEC) to move forward on regional water planning. TDEC's efforts have included SUD, Monteagle, Tracy City and Big Creek, along with the Army Corps of Engineers.

The SUD objection is based on:

1. Failure of Grundy County to provide an Environmental Assessment based on National Environmental Policy Act of 1969 (NEPA).
2. Failure of Grundy County to provide a copy of the Environmental Review Record (ERR) referenced in the legal notice when requested by the public.
3. Negative environmental impact of millions of gallons of additional effluent discharge on Monteagle's failing sewer system.
4. Failure to consider the the comprehensive and long-term financial impact of the project.

SUD's previous position on regional water planning was approved by the board on Feb. 12, 2008. A copy of this previous policy and the detailed text of the current objection can be found at <<http://southcumberlandca.blogspot.com>>.

## Serving Where Called

Six years ago this column began to support the large number of reservists called up for active duty to serve in the war in Iraq. ## Create an Edible Book to Celebrate April Fool's Day!

Calling all punsters, cake bakers, cookie cutters, creative foodies and candy shapers! April 1 is the date for fooling around with books. In the spirit of the International Edible Book Festival, everyone is invited to participate in the duPont Library Edible Book contest. The rules are that entries can look like a book, act like a book or be a pun on a book, but they must be edible.

Prizes in the adult category will be best in show, best depiction of a banned book and wittiest. There will be a special category for young creators, ages 12 and younger. There is a table on the main floor of the library with pictures of edible books from other contests, as well as a list of banned books.

Entries should be delivered to the library by 10 a.m. on April 1. The contest may be viewed after 1 p.m., and eating will begin at 3:30 p.m. For further information contact Wanda Cheston, 598-1658, or Joan Blocher, 598-1778.

## Tullahoma National Guard Teaches Pre-K Friday School

An exciting session of Friday School for Sewanee Elementary School's prekindergarten students was made possible by Tullahoma National Guard Transportation Unit No. 1175. They showed the children

a huge earth mover and let them sit in the driver's seat; all 19 members of the class of 4-year-olds fit in the machine's shovel!

The tanklike earth mover is used by guardsmen and women after natural disasters, moving massive amounts of debris and dirt to clear land and roads, so that utility vehicles and supply trucks can begin their jobs.

Sewanee Elementary pre-K teachers, aides and students give special thanks to the Tullahoma National Guard and the Marshall family for making this experience possible.

## Hearing Aids and Hearing Ads

You can't avoid them these days—newspaper and mail advertisements offering hearing aids at "discount prices." With all the choices today, it can be confusing. What's the right style for you, what does "digital" really mean, where should you get hearing aids and how much should they cost?

Your most important decision is where to receive your hearing health care. After all, you probably don't choose your physician or your dentist based on a newspaper ad!

Good hearing health care includes:

1. A complete audiological evaluation of your hearing loss and hearing needs.
2. A comprehensive review of available hearing aids by style, technology and cost.
3. Follow-up visits to ensure that you're hearing as well as possible.
4. An explanation of other sources of help, such as assisted listening devices for telephone, movies or television.
5. Regular hearing checkups to monitor your hearing and your hearing aids.

Remember, you're not just choosing hearing aids; you're choosing your hearing health care provider. We value the confidence you place in us at the Hearing Center, LLC. Call us at (931) 393-2051 or toll-free (888) 303-2051. We are located at 705B North Atlantic St. in Tullahoma. ### Passiontide at Christ Church Monteagle

In some churches the last two weeks of Lent are called "Passiontide." This little season within a season starts to look toward the cross. During these two weeks of Lent all crosses, pictures of Christ and other art forms which "tell the old, old story" are covered with veils. In some churches the term First Passion Sunday and Second Passion Sunday are used, although the second one is better known as Palm Sunday, a name which is used by the vast majority of churches.

One special event this year on March 29, among many at Christ Church during Passiontide, is the singing of "My song is love unknown." Brianna Atkinson, soloist, will be accompanied by Lee Russell, organist. The service begins at 10:30 a.m.

On all Wednesdays in Lent the study of some of the writings of the early church will continue. Lunch is served each Wednesday and Sunday. All are welcome.

### Lenten Retreat: The Process of Forgiveness

On Friday through Sunday, March 27-29, St. Mary's Sewanee will host a Lenten retreat on "The Process of Forgiveness." Fr. Carl Arico, vice president of Contemplative Outreach Ltd, will be the presenter.

For the past 20 years Fr. Arico has talked to people throughout the world about the power and practice of Centering Prayer. He is known for the humor and clarity of his presentations. He also is the author of "Taste of Silence-Centering Prayer and the Contemplative Journey."

The retreat begins on Friday at 6 p.m. and ends on Sunday at 11 a.m. The \$275 fee includes lodging, meals and program. To register call St. Mary's Sewanee, 598-5342; e-mail stmaryssewanee@bellsouth.net; or visit the website <www.centeringprayermidtn.com>.

## SUD Board Issues Official Objection to Monteagle Water Project

The Board of Commissioners of the Sewanee Utility District (SUD) of Franklin and Marion Counties held a Special Called Meeting on Tuesday, March 17, to discuss a public notice posted by Grundy County in the Grundy County Herald which announced a "finding of no significant impact on the human environment" and the "intent to request release of funds" for a \$1-million project to pipe water from the Tennessee River to the South Cumberland Plateau.

Bringing those attending up to date on the history of the proposed pipeline project, SUD commissioner Rick Sommer explained that Grundy County initially approached the Tennessee Department of Environment and Conservation (TDEC) about constructing a pipeline to address the county's water shortage. Finding TDEC unresponsive, in early 2008 Grundy County officials applied for funding from the Tennessee Department of Economic and Community Development (TECD); as an "impacted county" in the 2007 drought, Grundy County qualified for TECD funds. (The city of Monteagle and much of Grundy County ran out of water during the drought and received emergency assistance from SUD and the Tracy City water utility.)

In its initial response to the pipeline proposal, on Feb. 12, 2008, the SUD board passed a resolution calling for a thorough investigation of all alternatives and a commitment to cooperative regional planning among the utilities located on the Plateau to address the area's water

## Monteagle Sewage Tank Failure

The primary intake tank at the Monteagle sewage treatment plant collapsed early Sunday morning, March 15, dumping about 100,000 gallons of untreated raw sewage over the ground and into Juanita Creek, which flows toward Gilliam Creek and eventually into the Elk River.

A steel wall of the 23-year-old tank gave way. The Monteagle Police Department discovered the problem at about 4 a.m. on Sunday. When Tennessee Department of Environment and Conservation (TDEC) officials arrived, effluent was continuing to run from the town's sewage lines into the ground and Juanita Creek. The city chlorinated the creek until the sewage was rerouted that day around the failed tank. It is estimated that 750,000 gallons were released before the work was completed.

The city of Monteagle is providing bottled drinking water for residents whose wells have been contaminated in Pelham valley. Public water systems in the area have not been affected.

supply needs.

SUD President Doug Cameron pointed out that TDEC had likewise stressed the need for regional planning solutions. Taking issue with the pipeline proposal, Cameron noted that it would supply water only to the Monteagle community and did not include provisions for pretreatment, chlorination or maintenance of the pipeline.

In regard to the March 5 public notice in the Grundy County Herald, several SUD customers attending the meeting expressed concern that no data existed to substantiate the "finding of no significant impact" on the environment. In support of the claim, the notice cited "the Environmental Review Record (ERR) on file at the Grundy County offices," however, SUD customer Bob Childress made several requests and could not obtain a copy of the ERR.

President Cameron found further fault with the public notice for listing the location of the proposed pipeline as Grundy and Marion Counties, omitting Franklin County, which the pipeline would necessarily pass through, as well.

Former SUD commissioner Lyle Brecht observed that the pipeline could cause SUD to incur financial liabilities. Brecht referenced similar pipeline projects in Arizona, California and Colorado, where budget overruns by the utility initiating the project led to government mandates that neighboring utilities share in the cost.

Sommers speculated the timing of the public notice was related to application requirements set by TECD. The notice stipulated that objections to the project and to the release of funds request be submitted by March 20.

The SUD Board drafted a detailed letter addressing the potential environmental and financial impacts of the project. Copies were sent to TECD, TDEC, and the Grundy County Government. The letter is posted on the SUD website, [sewaneeutility.org](http://sewaneeutility.org).

## Buzz and Vicki Spivey Recognized as SAS Angels

Though Buzz and Vicki Spivey's last child graduated from St. Andrew's-Sewanee School in 2007, these SAS Angels come to the campus each spring to clean the St. Mary's water garden, located in the Carter Memorial Courtyard.

Parents of Monroe ('04) and Kav ('07), the Spiveys travel from their home in McMinnville to make this gift of labor to the school. Fortunately, after a dormant winter season in the water garden, the fish survived. This year the Spiveys not only cleaned the garden but also installed filters and a pump to control algae. Phebe Carter Hethcock dedicated the courtyard in 1992 in honor of her parents.

Two years ago, St. Andrew's-Sewanee School established a volunteer support group called SAS Angels. Through this group of dedicated volunteers, the school draws on the talents and generosity of community members, parents of students and friends of the school to lend support for special events, host international students at their homes and help in

many other ways.

If you would like to volunteer your talents to the SAS Angels, contact Nonie Schane Allen at (931) 924-3493 or daisychain@blomand.net or Margaret Matens at 598-5651 or mmatens@sasweb.org.

## F.C. School Board Selects Top Director Candidates, Mixer Today

On March 12, the Franklin County School Board selected two candidates for callback interviews to fill the director of schools position, vacant since Charles Edmonds resigned in September 2008. All eight board members voted for Rebecca S. Sharber, and five voted for James "Kip" Stevens, making these two individuals the top two choices for the position. Three members voted for Harold "Red" Roberts.

The votes were not ranked, a procedure recommended by the Tennessee School Boards Association, the organization hired by the district to administer the selection process. The board met with Stevens all day on March 23 and will meet with Sharber today, March 26, for tours of several schools, including individual conversations with board members, and a mixer with teachers, staff and the community from 4:30 to 5:30 p.m. at the central office. Everyone interested in meeting the candidate is welcome to attend. The board will interview each candidate at 6 p.m. in the boardroom; the interviews are open to the public. On Monday, March 30, at 6:30 p.m., a special school board meeting has been scheduled to announce the new director of schools, according to the acting director's office.

Stevens has a doctorate in educational leadership from Nova Southeastern University in Ft. Lauderdale,

Fla. He has 29 years of experience in education and has served as a teacher and principal at elementary, middle and high schools; a football, wrestling and baseball coach; and assistant superintendent. He has served as superintendent of Webster County Schools in Preston, Ga., for the past four years and holds that position now. Stevens was named Georgia's Region I-AA baseball coach of the year for three years and has been an active member and officer of the Turner County Young Farmers. He has also served as a volunteer for the Special Olympics, Boys Scouts, 4-H and FFA livestock events.

Sharber has a doctorate in educational leadership from Trevecca Nazarene University in Nashville. During her 29 years of experience in education, she has served as a teacher, a principal and superintendent of the Williamson County School District, Franklin, Tenn., for 14 years. She has also served as an elected county commissioner, an executive administrative assistant to the state education commissioner and a senior vice president of a land development company. Sharber was recruited by the state commissioner of education to use her experience and networks gained as superintendent to direct special projects, such as Career Ladder, Tennessee Academy of School Leaders and Goals 2000.

## E-H Hospital February Report

### Employee Recognition

Emerald-Hodgson Hospital (EHH) recognized Terri Hill as the February Employee of the Month. Terri works as a unit secretary for the nurses' station and ER and on the floor as a Certified Nursing Assistant. She came to EHH in April of 2008, following 12 years' service at Southern Tennessee Medical Center in Winchester. Terri and her husband Steve reside in the Alto community. During her leisure hours Terri enjoys riding horses and spending time with her family. Terri was selected as the Employee Honoree in a random drawing among all EHH employees having February birthdays. Her award included use of a close-in parking space for the month and a gift basket containing movie tickets and other goodies. Congratulations Terri Hill!

### State of the Hospital

February was a slow month for EHH. Outpatient visits, emergency room visits and skilled care admissions were all slightly below expected levels. General admissions, however, were almost 10 percent higher than budget projections.

## TINTINNABULATION

By John Bordley, Sewanee Carillonneur

### The finished carillon

At the time, the Polk Carillon was the third largest in the world, at least in terms of the number of bells (56)! More importantly, Bigelow thought the tuning of the bells was "as perfect as it was possible to make. ... [The profile of the bells] allows an even timbre from bass to treble, permitting a more constant intensity. This means that the high bells will be just as important as the lower ones, not losing tonal effect because they weigh less." In the publicity piece "To Polk and Sewanee: A Carillon," Bigelow was further quoted as saying the Polk Carillon is "one of the largest and most important in the world." Bigelow was very proud of his Polk Carillon and thought the installation was the most successful one he had done.

### The dedicatory recital

Bigelow returned to Sewanee on several occasions after the installation in 1958, but his most memorable visit was for the April 12, 1959, dedicatory recital. On the first page of the red leather Leonidas Polk Memorial Carillon Concert Register and Autograph Book for Carillonneurs, Arthur Ben Chitty, then director of public relations, wrote the following description of the event: "The premiere concert was a great occasion. On the lawn were about a thousand people with many more remaining in their cars, listening to the ceremony over station WCDF. Only the unfavorable weather kept the event from being perfect. A rain the previous day left mud puddles, the sky was overcast and the temperature about 40°. There were more autos than anyone remembered having seen at Sewanee. ... The music of the bells seemed to surprise everyone. For perhaps nine-tenths of the audience it was the first experience of its kind. Professor Bigelow played with great vivacity and versatility an extremely varied program. The few seasoned carillon-listeners pronounced the instrument and the performance magnificent. One of the workmen stood throughout the ringing of the Bourdon with his hat over his heart and tears streaming down his face.

"When the concert was over, Bigelow remained [at the keyboard] for ten minutes extra to pose for some movie cameramen. For a few moments he simply simulated the striking of the clavier, but then enthusiasm swept over him and he broke into a wild and beautiful series of chords and runs, literally bouncing from one end of his bench to the other. As he left the bell-ringers cubicle he said, 'This is the greatest day of my life. There is no such instrument in the world. I am supremely happy about it.'"

A newspaper clipping from the Nashville Tennessean said, "About 5000 persons gathered ... for the dedication. Then they went to parked automobiles and surrounding buildings for the first concert to be played on the carillon." Without knowing of Chitty's comments, one would wonder why the listeners had retreated from the immediate vicinity of the tower!

Next week: Bigelow's program

## "Green Art on the Mountain" at SAS

St. Andrew's-Sewanee School's Gallery seeks "green art" for the third "Green Art on the Mountain" exhibition. Work is due on April 13 between 9 a.m. and 5 p.m. and may be offered for sale. A festive reception for the artists will be held on Sunday, April 19, from 1 to 3 p.m., to coincide with the native plant sale during "Trails and Trilliums."

Artists are encouraged to bring one or two pieces to the gallery that are "green" in some form or fashion. Concepts, materials and palette qualify for inclusion. This year there are two new twists: water and awards. The theme of water is being emphasized. Green work that does not address water will also be included. The other new twist is that modest awards will be given for the greenest piece and the piece that best addresses the water theme.

For more information on the gallery e-mail: <sasgallery@sasweb.org>.

## Parker Art Exhibition and Honors Talk

The University Department of Art and Art History announces the first of several exhibitions and presentations which are a part of the art major comprehensive exam. An exhibition by Robert Parker opens to the public from Monday, March 30, to Saturday, April 4, in the Carlos Gallery of the Nabit Art Building. An honors candidate, Parker will give a public presentation on Tuesday, March 31, at 4:30 p.m. in the Nabit Art Building.

Originally from Massachusetts, Parker will graduate from Sewanee with a major in art and a minor in anthropology. He is passionate about advancing human rights and is intrigued by the role of the individual within the global community.

Concentrating in photography and the digital media, he hopes to express and expand his interest in anthropol-

ogy and human rights within the artistic field. Following graduation Parker will travel to Haiti for a second time for the purposes of documentary photography, after which he hopes to intern for the Human Rights Campaign in Washington, D.C.

His thesis works, which are digitally composed and manipulated photo-collages, are "surreal landscapes that seem caught between reality and corrupted fantasy." He goes on to say of his imagery, "I use these landscapes to discuss and examine the paradox of ignored poverty within a globally informed society of wealth. This paradox, however specific, exemplifies the larger theme of power struggle."

The department cordially invites the Sewanee community to the exhibition and talk.

# Sports Scoreboard

Sewanee's zone qualifiers were Samantha Strouss, Caroline Willis, Eleanor Kibler, coach Megan Taylor, Ansley Riedel and Whitney Myers.

## Tiger Equestrian Team Yields Regional Champs and Zone Qualifiers, Taylor Coach of the Year

When Sewanee hosted the IHSA Regional Championship on March 14, the Tigers came out on top with four regional champions, five zone finals qualifiers and Coach of the Year nod for coach Megan Taylor.

Caroline Willis was named the 2009 Open Over Fences Regional Champion and was a Zone Five finals qualifier. In the Open Flat, the top spot went to Samantha Strouss, who also earned a Zone Five finals bid for her performance. Eleanor Kibler and Ansley Riedel also won regional championships and zone finals bids for their showings in the Intermediate Flat and the Walk-Trot-Canter. Whitney Myers was a reserve champ in the Walk-Trot-Canter, which was good enough for a finals bid. Hunter Bratton also finished sixth in the Novice Over Fences.

For the Year End Regional Awards, voted on by the riders in the region, Hunter Seat Horse of the Year was Nantucket, and the Hunter Seat Horse Show of the Year was the Sewanee Spring Shows. The Volunteer of the Year was Beth Kibler, Sewanee team

member Eleanor Kibler's mother.

The Best Horse Show Concessions were Al and Connie Brown for the Sewanee Horse Shows, and Coach of the Year was awarded to Sewanee's Megan Taylor.

## Men's Tennis Highlights

Sewanee's men's tennis team traveled to California over spring break, losing 6-3 to Whittier College on March 13; 8-1 to Carnegie Mellon on March 14, and 7-2 to Salisbury. They ended the trip on a higher note on March 18, defeating LaVerne 8-1.

## Track and Field Team Kicks Off Outdoor Season

During a day filled with rain and delays, the 2009 track and field Tigers competed in the first track meet ever held at Birmingham-Southern on March 14. "Our team did a good job in terrible weather conditions to kick off our outdoor season. With some hard work, we should have many athletes reach their goals by the end of the season," said Sewanee coach Jeff Heitzenrater.

Allan Long had the top Tiger finish in a field of many Division I teams, with a fourth-place finish in the 100 hurdles with a time of 15.56. Jeremy Character was ninth in the shot with a throw of 40-06. The men's 4x400 relay was also seventh in a field of 21 teams. For the women, Rachel Watson was fifth in the javelin in her first competition of the year, with a throw of 91-04. She was also eighth in the discus, with a throw of 105-09.

## Coach Baker's Wins Surpass Legendary Coach Shirley Majors

Behind the arm of junior Logan Ray of Estill Springs, Tenn., and the bat of freshman Taylor Barrett, veteran Sewanee baseball coach Scott Baker became the all-time school leader in career wins March 18, surpassing the legendary Shirley Majors, as the Tigers defeated Hamilton College in Winter Haven, Fla. The win was the 107th for Baker.

Coach Majors, known mainly for his successful football coaching career at Sewanee, guided the Tiger baseball program from 1961-70, winning 106 games during that time.

"It's very humbling to be mentioned in the same breath with Coach Majors. I owe all the credit for the record to the Sewanee players during my time here. The players win the games," said Baker, following the win.

## Men's Lacrosse

The Sewanee men's lacrosse team played Guilford at Greensboro, N.C., on March 12, fighting hard but finally being bested 10-7. On March 14, the Greensboro team defeated Sewanee 13-4. Washington and Lee also beat the Tigers 22-3 on March 18.

Back home, Sewanee hosted Oberlin on March 21, and won 17-11, the Tigers' first win for the season. Sewanee hosts Fontbonne and Trine on April 4-5.

## Sewanee Freshman Fencer Earns National Rating

Skip Aymett of Germantown, Tenn., a freshman fencer at the University, took 6th place among 42 epeeists at the Dean Richard Memorial Tournament at Vanderbilt University on March 14, thereby earning his National C rating.

He placed first in his first round pool with a 4-1 record, losing only to B-rated Robyn Shaffer of Vanderbilt, the winner of the women's competition, and defeating the A-rated veteran French epee champion Roland Vincent by a score of 5-2, his second victory over an A in two weeks.

In the first round of direct eliminations he defeated Mike Greene of the Huntsville Fencing Club, 15-8, scoring 8 of the last 9 touches, and in the second round bested Vincent again, by a score of 15-12, qualifying for the quarterfinals and earning his C.

In the quarterfinals he faced the tall and lightning-fast A-rated Brentwood Reid of the Fairbanks (Alaska) Fencing Club, and lost by a very creditable 15-9 score.

By finishing 6th Aymett (who entered seeded 25th) finished ahead of one A (Vincent) and seven B-rated fencers, including the two epeeists considered the best in Tennessee, Justin Powell of Nashville and the Vanderbilt coach, Brian Casper.

Dale Sweeney, a coach with the Sewanee Fencing Club, said, "Skip has been getting better all year, and this time he put it all together. He fenced with impeccable style, superb sense of distance, and his trademark psychological control, and demonstrated he will be a force to be reckoned with in this area in the future."

## Birmingham Sweeps Softball DH

The Birmingham-Southern Panthers swept both ends of an SCAC softball doubleheader from Sewanee March 21 in Birmingham, Ala. The Panthers took the opener 9-0 and the nightcap 20-0.

In the first game, Courtney Hinkle (Tallahassee, Fla.) went the distance on the mound for Sewanee and was tagged with the loss. Hinkle allowed nine runs on 10 hits. Freshman Regan Rau (Houston) picked up Sewanee's only two hits in the game, going a

perfect 2-for-2.

In game 2, Birmingham-Southern plated 13 runs in the bottom of the first inning to cruise to the 20-0 victory. Rau was charged with the loss for the Tigers, Rau, Morgan Cannon (Vidalia, Ga.) and Deanna Gonzalez (Upper Marlboro, Md.) each had a hit to lead Sewanee at the plate.

The Tigers and the Panthers will complete the SCAC series tomorrow with doubleheader action beginning at 2 p.m. in Birmingham.

## Sewanee Swimming: Steuer and Barrineau Honored for Sportsmanship

The Southern Collegiate Athletic Conference (SCAC) announced its inaugural Men's and Women's Swimming & Diving All-Sportsmanship teams. Eighteen men's and women's swimmers were selected to the 2009 squad. Sewanee swimmers Joey Steuer and Sarah Barrineau were selected for the award.

The SCAC is placing special emphasis on sportsmanship this year, asking all fans of the conference to exhibit good sportsmanship at all conference functions throughout the 2008-09 season.

Each head coach was asked to elect one member from his or her

team who displayed good sportsmanship throughout the season. "Sarah and Joey embody all that is honorable in Division III sports," said Coach Max Obermiller. "They believe in the positive, life-changing capacity of sports to raise [individuals] into their better selves. They believe that teams are more than a collection of individuals, that by working together they can accomplish almost anything. And they love their school and cherish the interactions with their teammates. I couldn't ask for two better representatives for this award," said Obermiller.

## Nature Notes

### Waterfowl in Woods Reservoir

The most recent Friday the 13th—March 2009—was a lucky day for **Jean and Harry Yeatman and Joy** dog. They went to Woods Reservoir to observe waterfowl. The water level had been let down for work on the dam. This exposed sandy, muddy areas near the shores and thousands of Asian clams (*Corbicula fluminea*), providing food for waterfowl and other large birds for most of the winter and early spring. Even Turkey

Vultures, Black Vultures and Great Blue Herons were feasting on the bounty. The clams that attracted the birds were being popped open, contents eaten and the shell halves abandoned sticking together at the hinges.

In one area, beautiful Bufflehead Ducks (top) and Hooded Mergansers (bottom) attracted the attention of the observers. The male Hooded Mergansers spread their broad white crests (outlined in black), showing their narrow bills, white

breasts and brownish abdomens. The females are brownish with loose-feathered brown crests. The Bufflehead males showed their white necks and underparts and especially their black heads with spread white crest patch, short blue bills and black backs. The female is a dingy brownish gray color with black head and a small white spot below the eye on each side. These two species of ducks nest in holes in trees and leap directly out of the water without needing to run on the water surface to gain speed for takeoff into flight.

Black-colored American Coots were everywhere, showing their white bills and diving for water plants. A few Belted Kingfishers made their rattling calls and dived for small fish.

Three swallows were flying low over the water, catching emerging flying insects. They will nest in tree holes, snags and even bird houses. Swallows are common around Woods Reservoir, especially when provided with birdhouses. Pied-billed Grebes were mingling with the coots, and pairs of Canada Geese were scattered over the water, honking in displeasure at the people. Finally, a beautiful Eastern Bluebird was seen, making a good ending for the trip.

## From Bard to Verse

by Scott and Phoebe Bates  
who knows if the moon's

who knows if the moon's  
a balloon, coming out of a keen city  
in the sky—filled with pretty people?  
(and if you and i should

get into it, if they  
should take me and take you into their balloon  
why then  
we'd go up higher with all the pretty people

than houses and steeples and clouds  
go sailing  
away and away sailing into a keen  
city which nobody's ever visited, where

always  
it's  
Spring) and everyone's  
in love and flowers pick themselves
